Kawsar Ahmed Bizon brought the original song “Moner Poshu” on Eid-ul-Adza

Popular singer Kawsar Ahmed Bizon brought a new song on the occasion of Eid-ul-Azha. His original song is titled ‘Moner Poshu’. The lyrics, tunes and music of the song have been composed by artist Bizon himself. A music video of the song has also been produced.

It is reported that the new song was released on Monday (July 17) on Bizon’s own music YouTube channel under the banner of Studio Boitha.

In this context, musician Bizon said that this song written about a monstrous animal hidden in the human mind clearly shows the behavior and activities of some people in their daily life. In the real sense, this animal of the mind was supposed to be sacrificed, the animal of the forest is only a simile.

Here is the Lyric of the song – MONER POSHU

give up
give up
lust, anger, greed, infatuation,
envy, pride,
Do sacrificial animals,
Attain Nirvana
Let’s sacrifice the dear thing
Sacrifice all animals of the mind

If you want to grow it
catch the beasts of the mind,
Four legs tied
Leave the forest animals,

Sacrifice, this is the sacrifice.
Give yourself and be a sacrifice.
Do it to the animal of the mind, make yourself a sacrifice,
Sacrifice yourself, this is the sacrifice.

He also said that the purpose of attaining nearness to Allah is to sacrifice one’s beloved things. Sometimes sacrifices can be different for each person. We have to capture and slaughter the strongest animals in our mind. Lust, anger, greed, infatuation, jealousy, pride, we have to leave these negative thoughts and walk on the path of self-purification. In many cases, our knowledge and values □□are developed based on self-purification.

Bizon said, this new song has been made around the celebration of Eid. In this era of social networks, a large number of artists are busy with cover songs. But those like us who are there to represent the youth, should enrich the industry with original songs. From there, I am busy creating original songs. I hope the audience will enjoy this song very well. Eid Mubarak.
