

5th BSS Space Camp 2025 held in Barguna

Md. Sanaullah Riyad, Barguna :: To satisfy the curiosity of students about the known, unknown and thousands of mysteries and adventures of space, Barguna Science Society has been organizing space camps every year since its establishment in 2018.

In continuation of this, this year it has organized a two-day “BSS Space Camp-2025.” The space camp was held at Barguna Circuit House ground from October 31 to November 1.

About 5,000 students of the district participated in this 2-day festive event of the country’s largest space camp. This time, in a colorful event, various science clubs and organizations from different parts of the country including Rajshahi University Science Club, Jessore JCB Science Club, Globe Wise Bangladesh, General Science Olympiad, and others participated in this camp to make the students science-minded.

The inauguration was attended by senior authorities of the Science Museum, young and teenage students.

Barguna Science Society President Akil Ahmed said, “It is very sad that Barguna, the 2nd district of the country, does not have the opportunity to study or research any science subject at the undergraduate level due to the education level.”

He also said, “We want an open laboratory to be established in Barguna for students’ research. The spontaneous participation of everyone in this 5th event has impressed us and given us the courage to work on a larger scale. He expects that everyone’s cooperation at the government, private and private levels will always be there in this journey.”

In this event, the Barguna Science Society (BSS) Space

Camp-2025 was filled with the presence of students in various events including space observation through telescopes, 4D movie shows, VR shows, meteorite fall observations, Space Olympiad, science debates, quizzes, etc.
